

MORE THAN 40 YEARS OF EXPERIENCE IN AVIATION ...

R&D, manufacturing and subcontracting:

Parts for fuel injection system of the aircraft engines

Parts for fuel supply systems

Parts for hydraulic machines and aggregates

Parts and reducers for gear transmission

Parteners

ФГУП НПЦ ГТС «САЛЮТ»

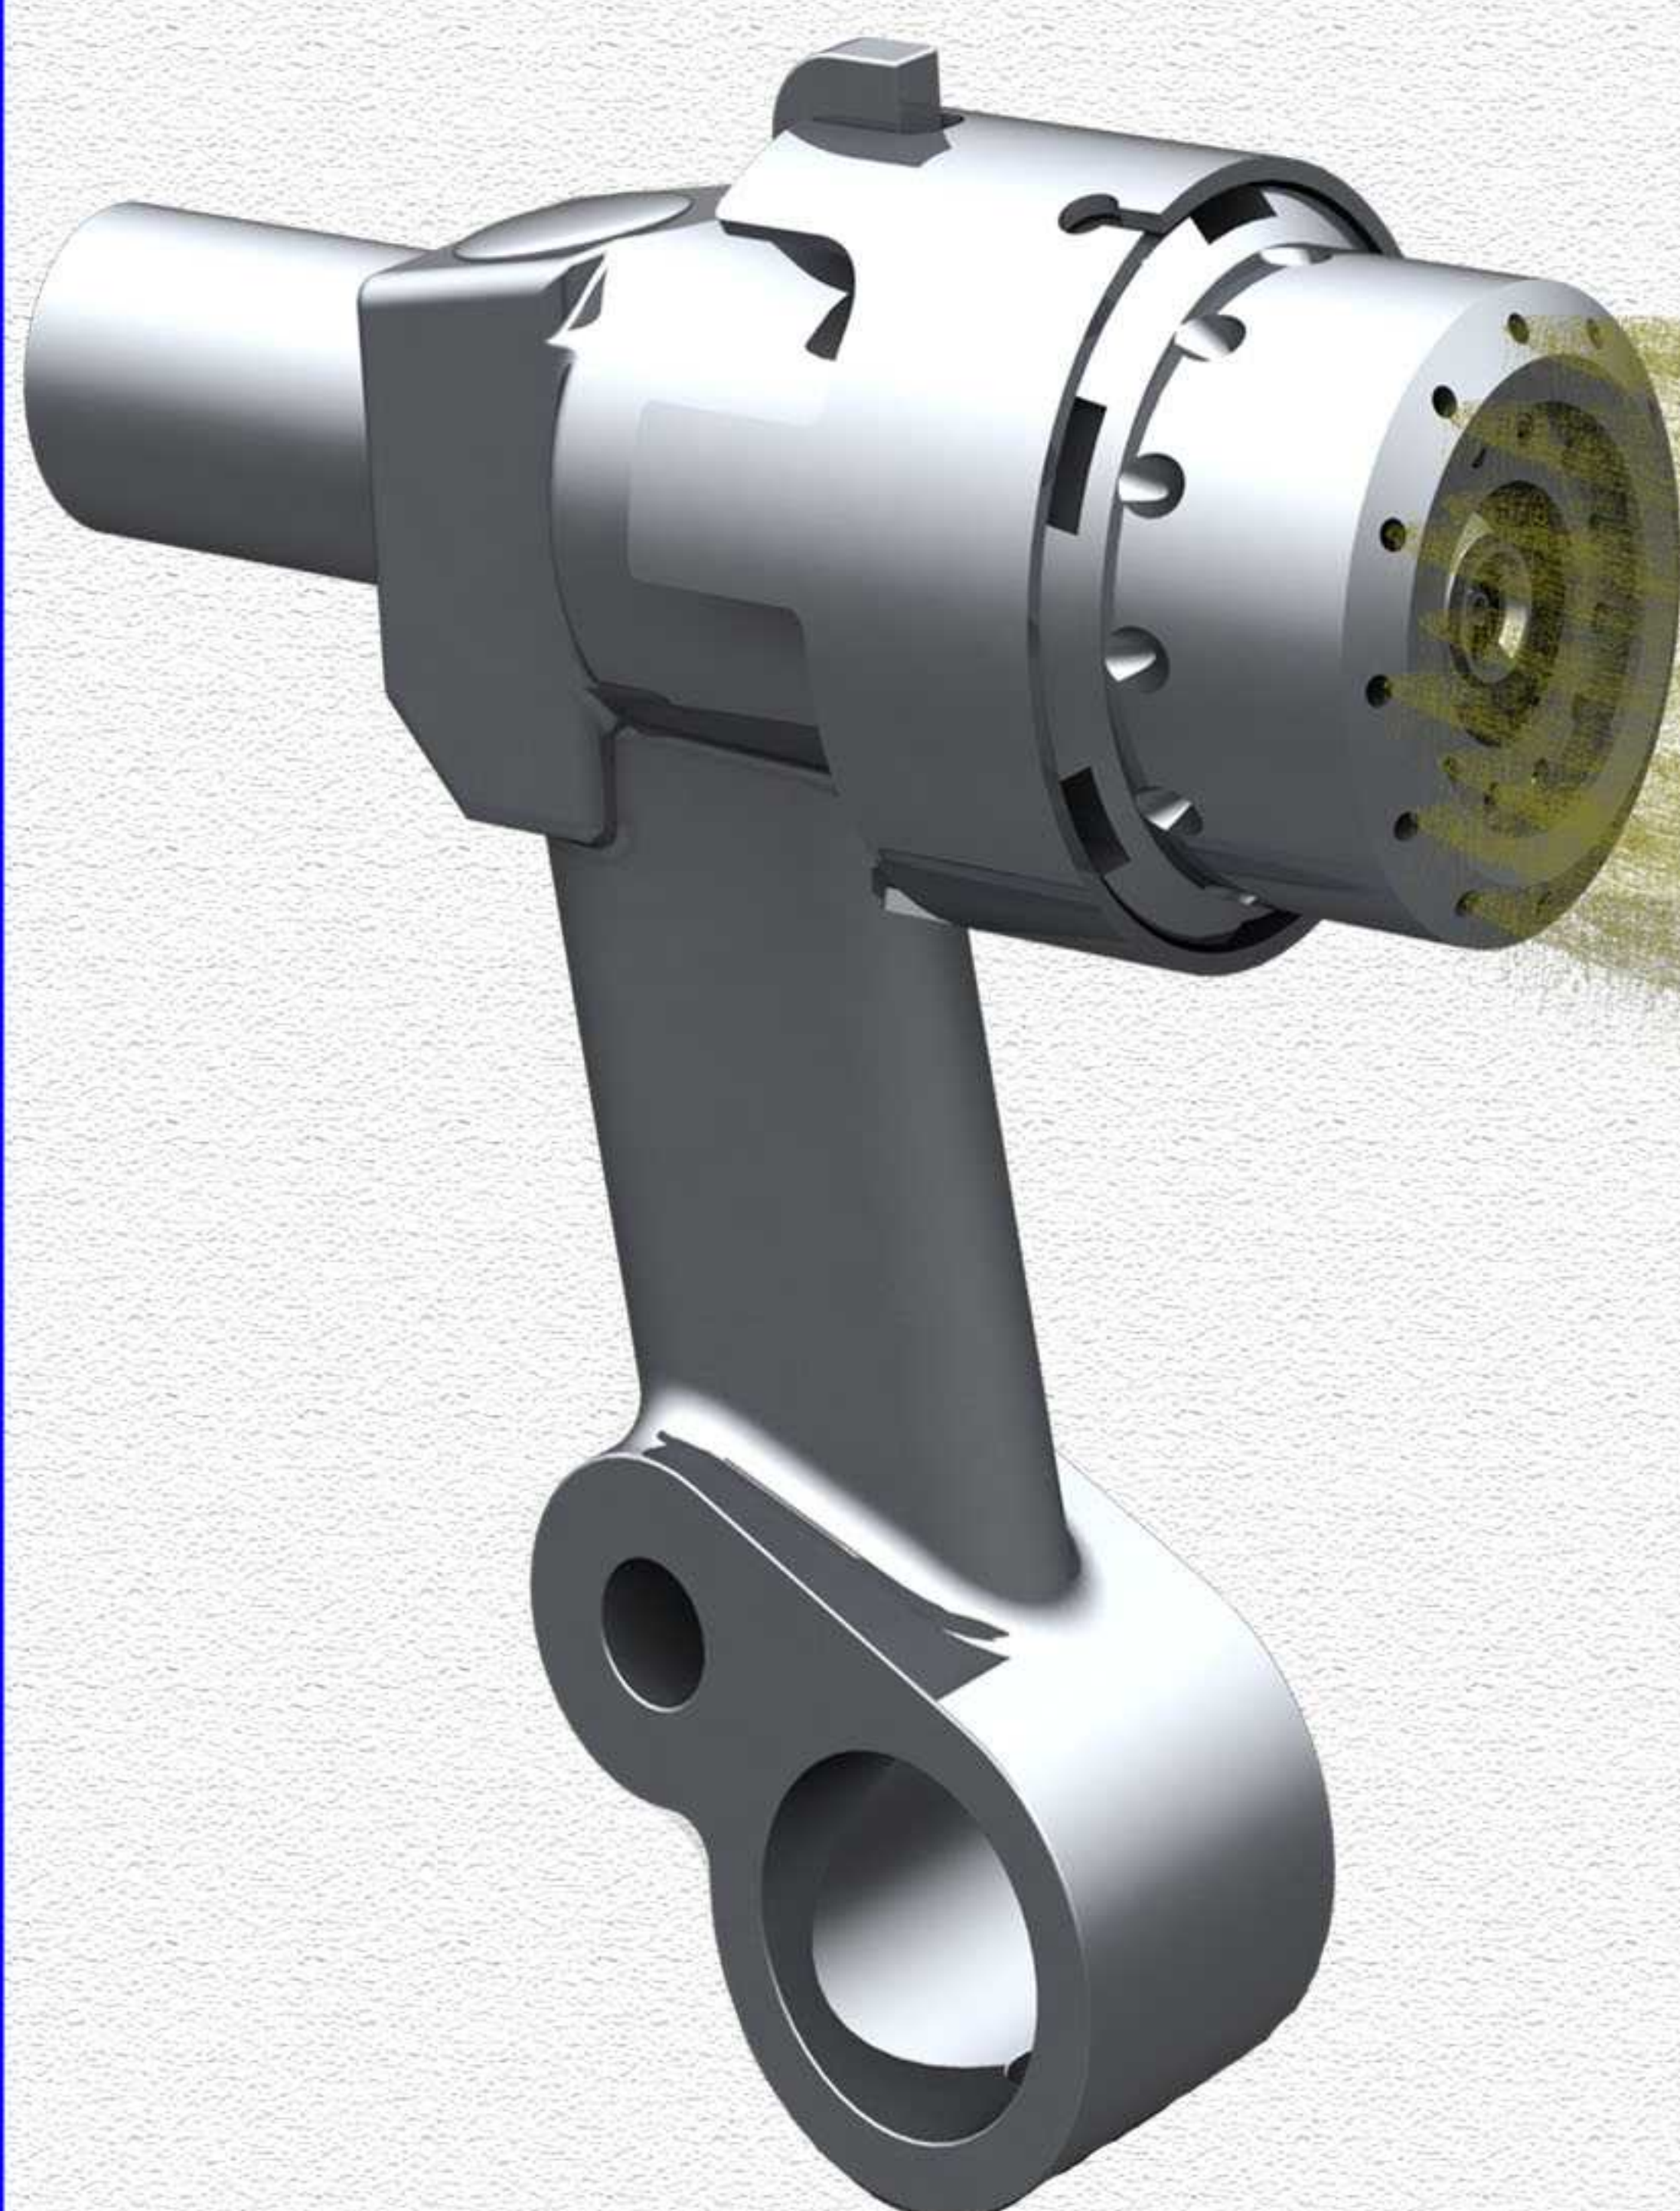

ОАО ГМЗ «АГАТ»

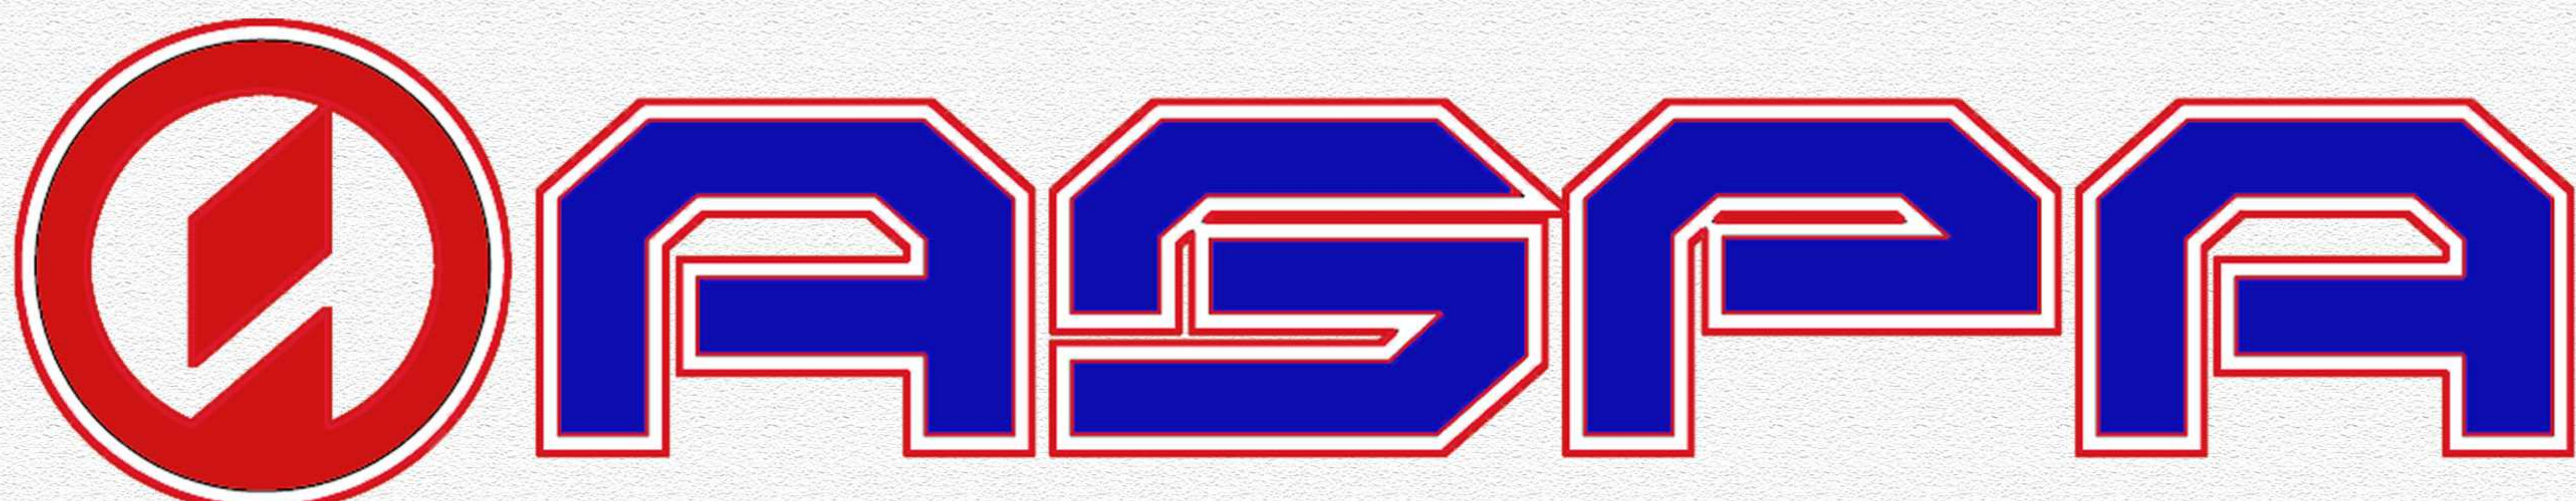

ОАО «МПП им. В.В. Чернышева»

BOLL & KIRCH Filterbau GmbH

ОАО «Нарофоминский машиностроительный завод»

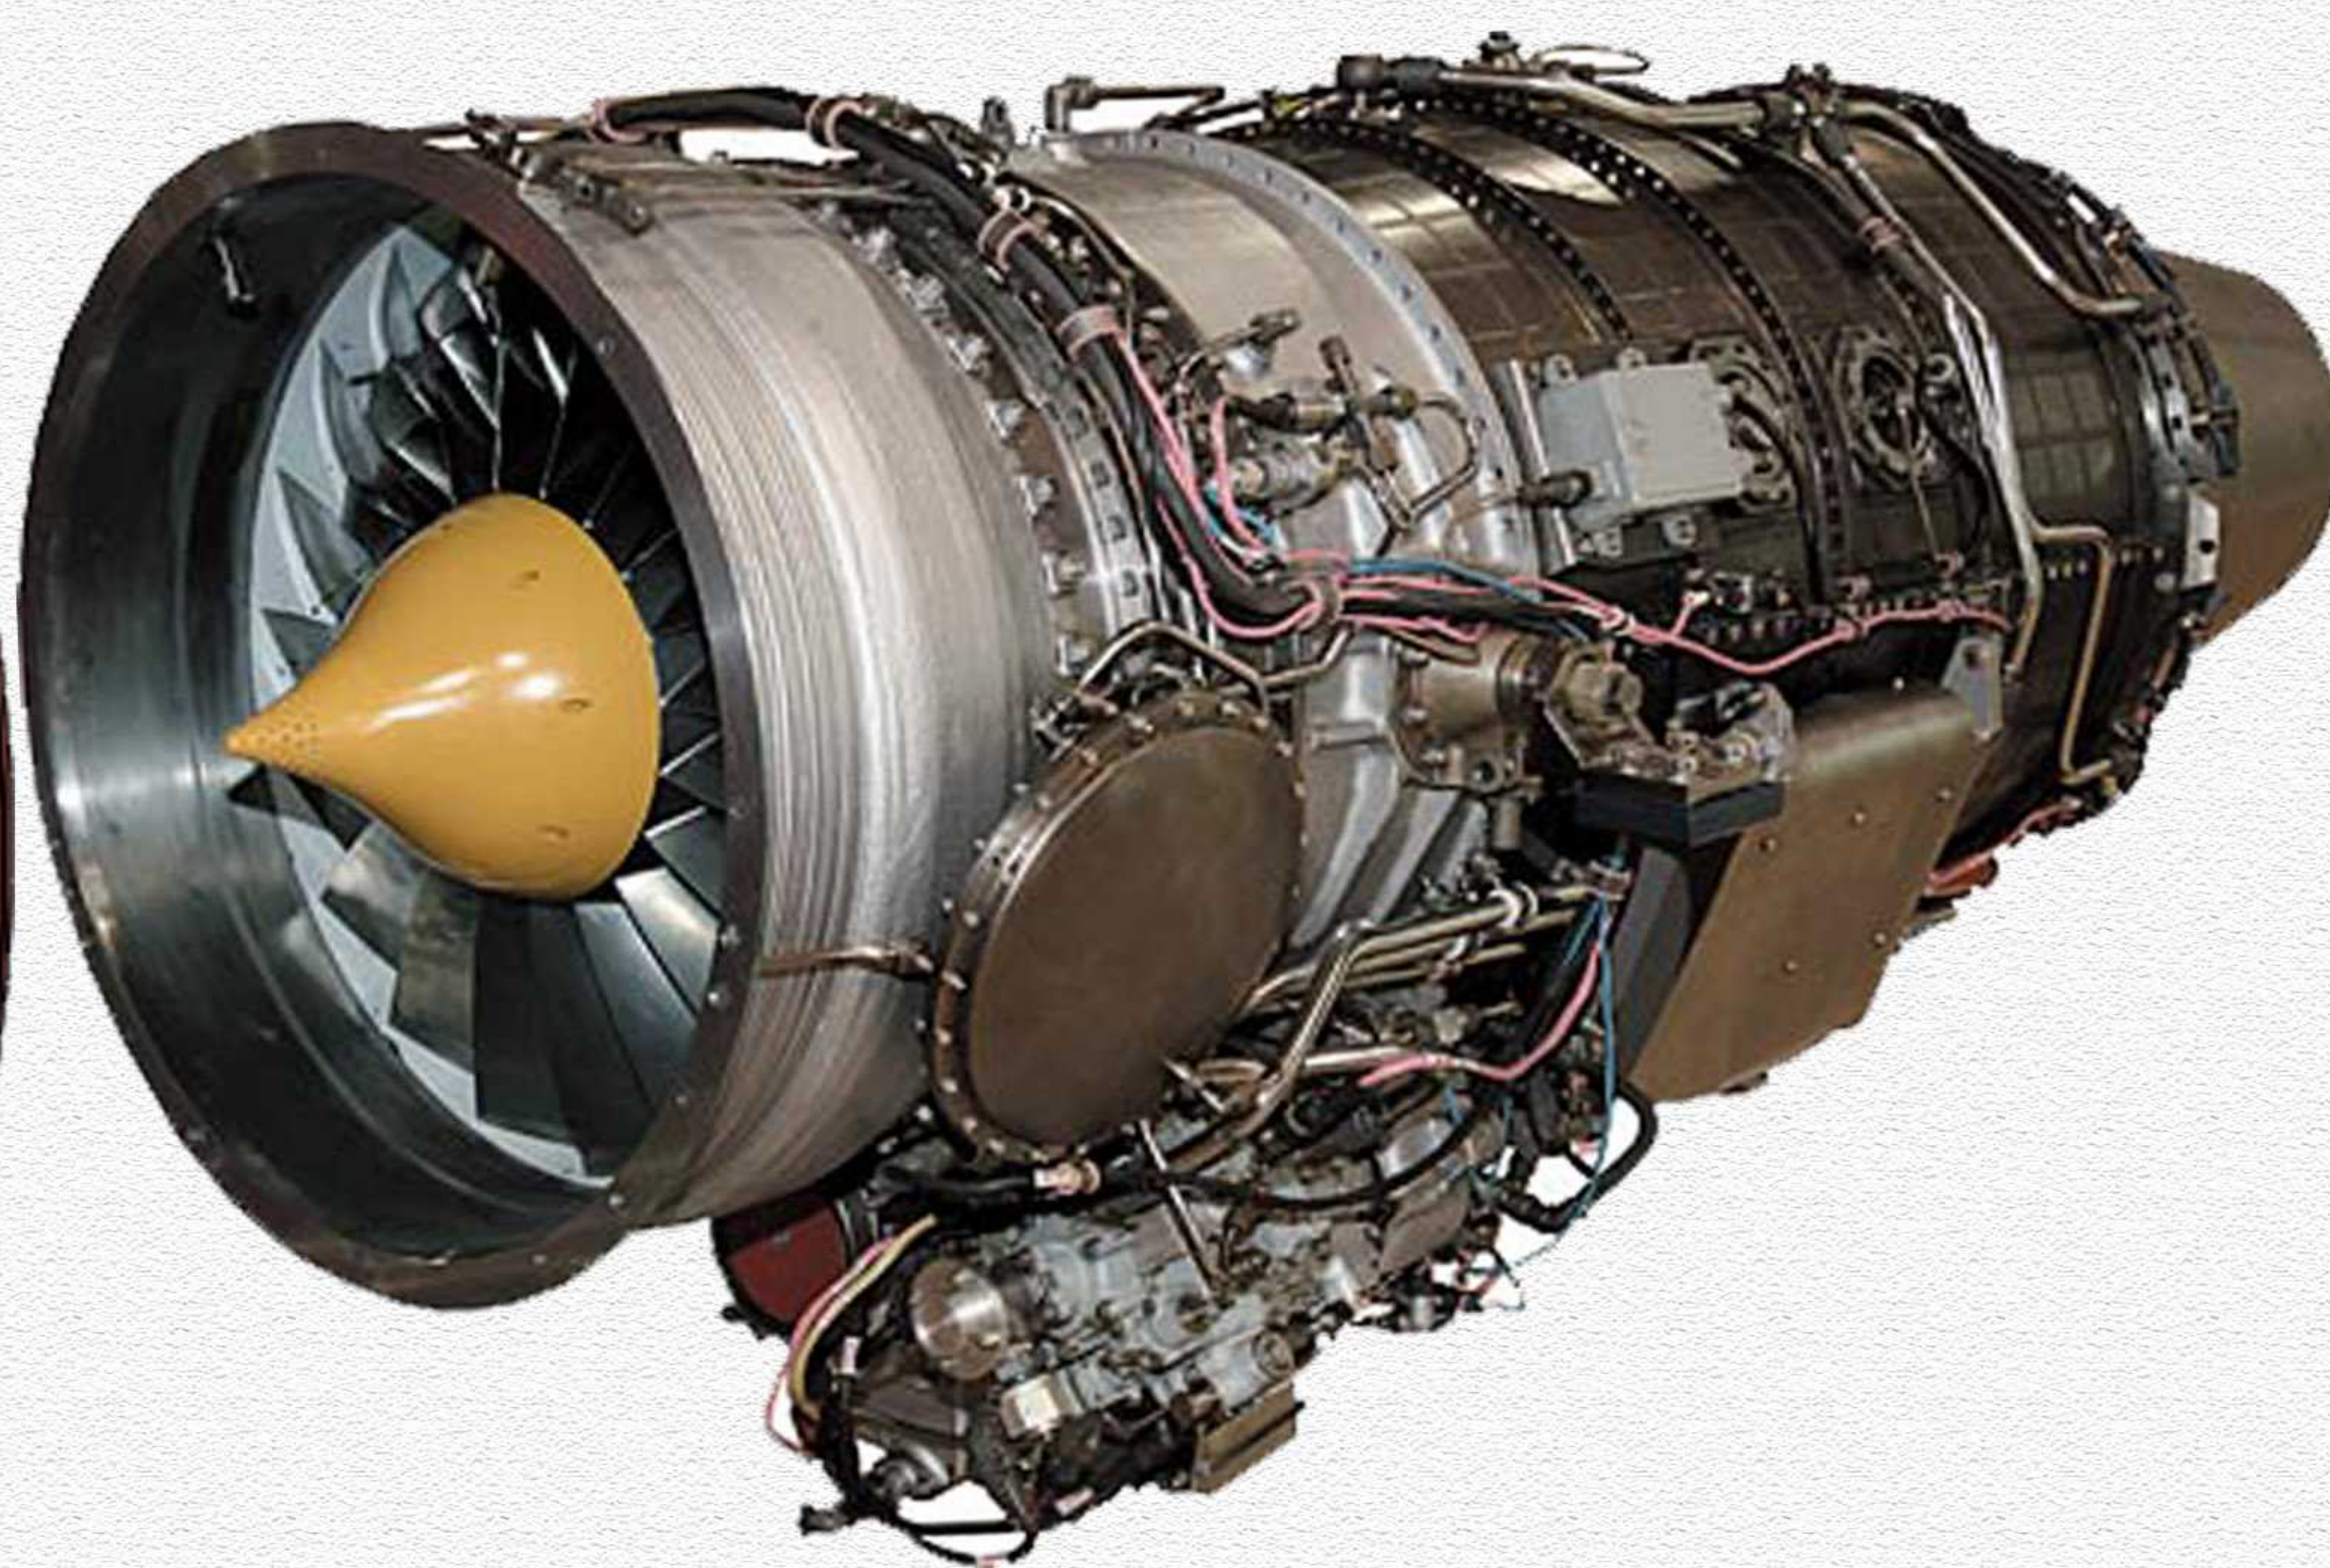

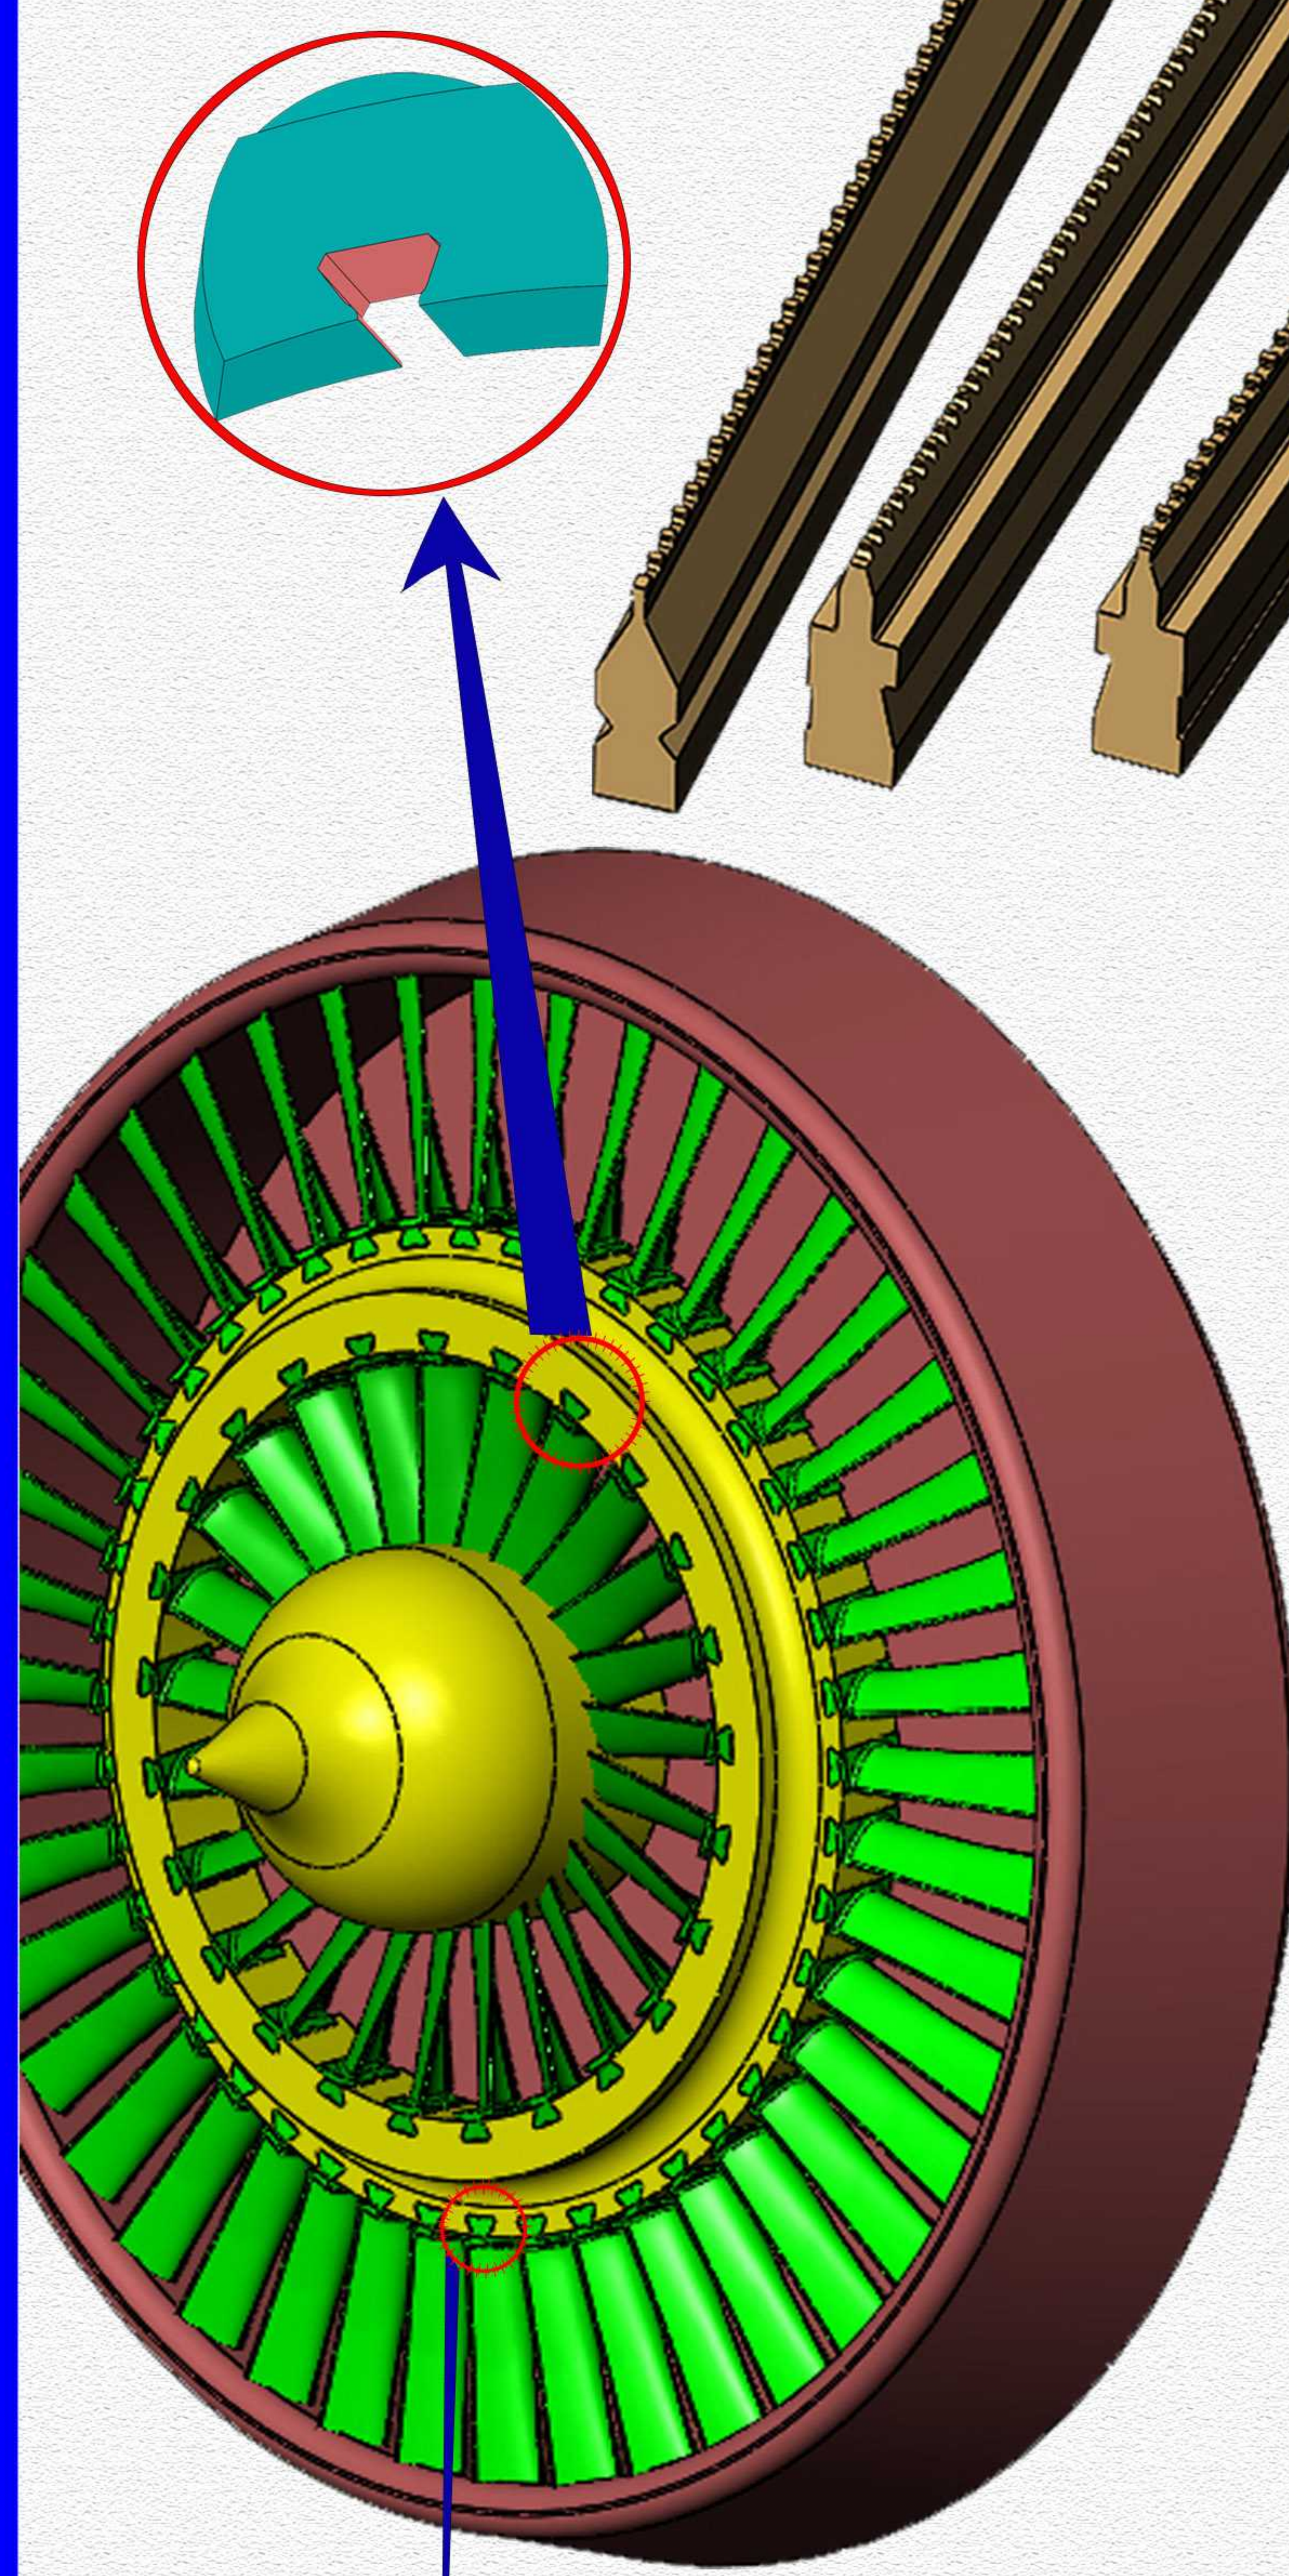

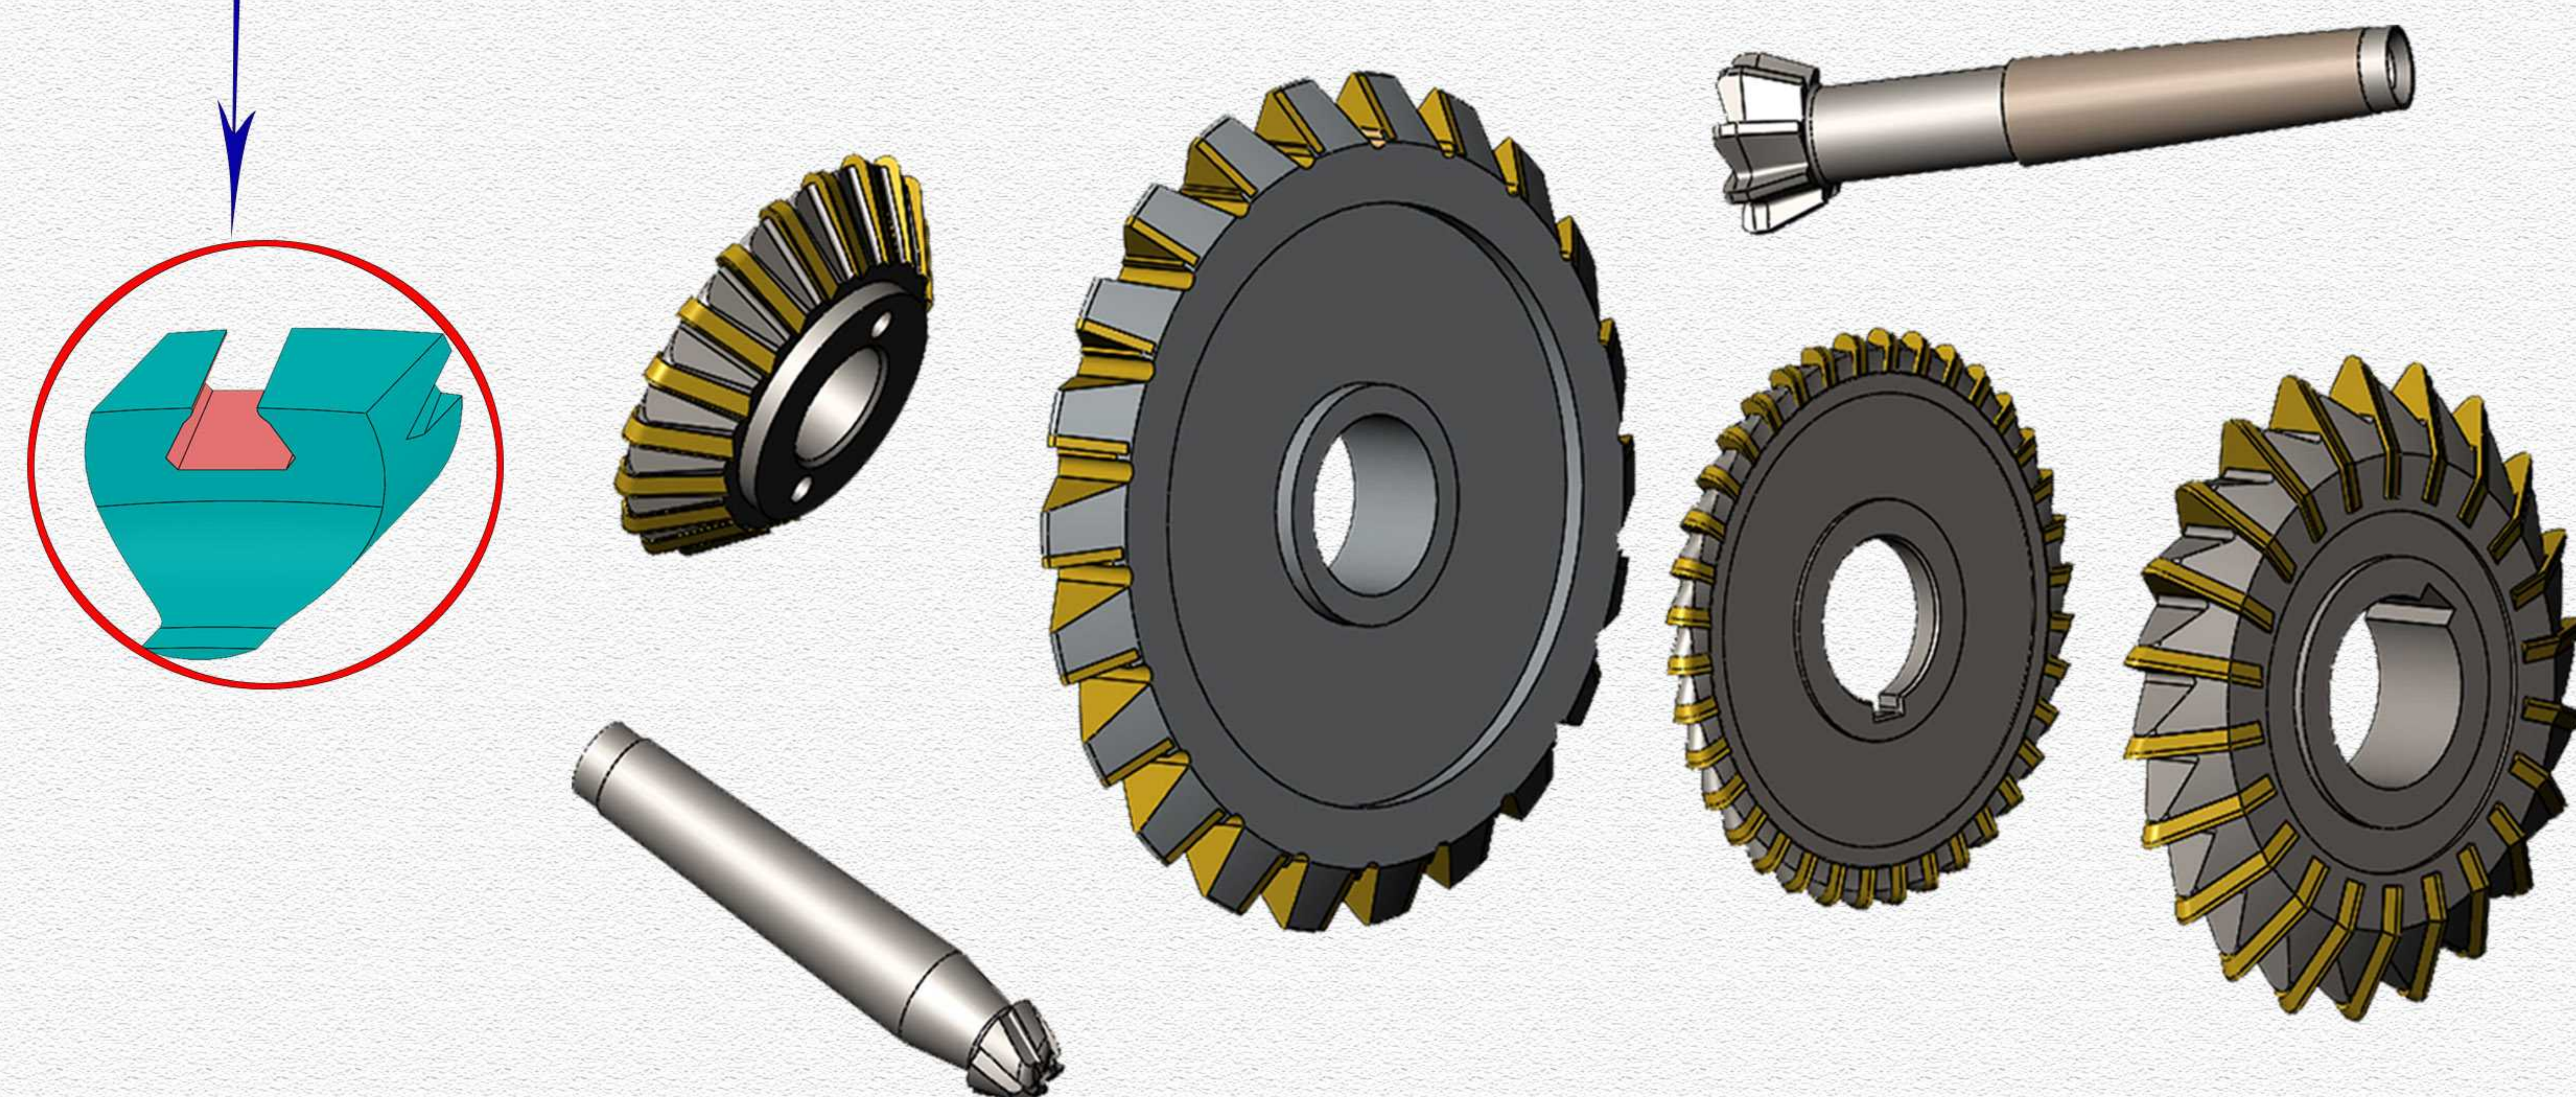

SPECIAL TOOLS FOR THE AEROSPACE

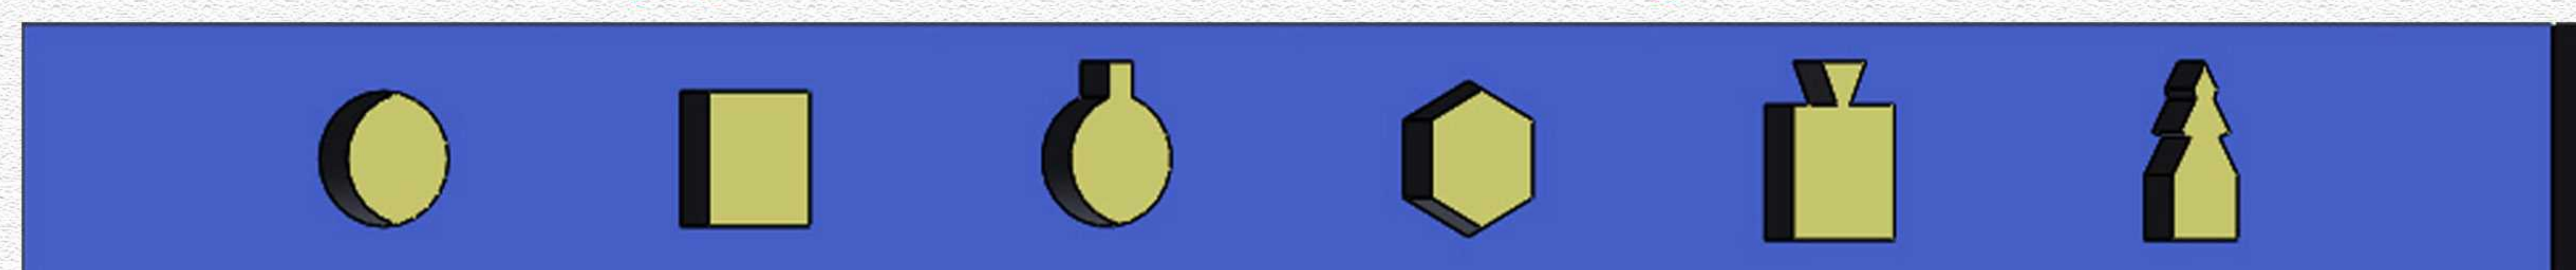

Broaches

Milling cutters

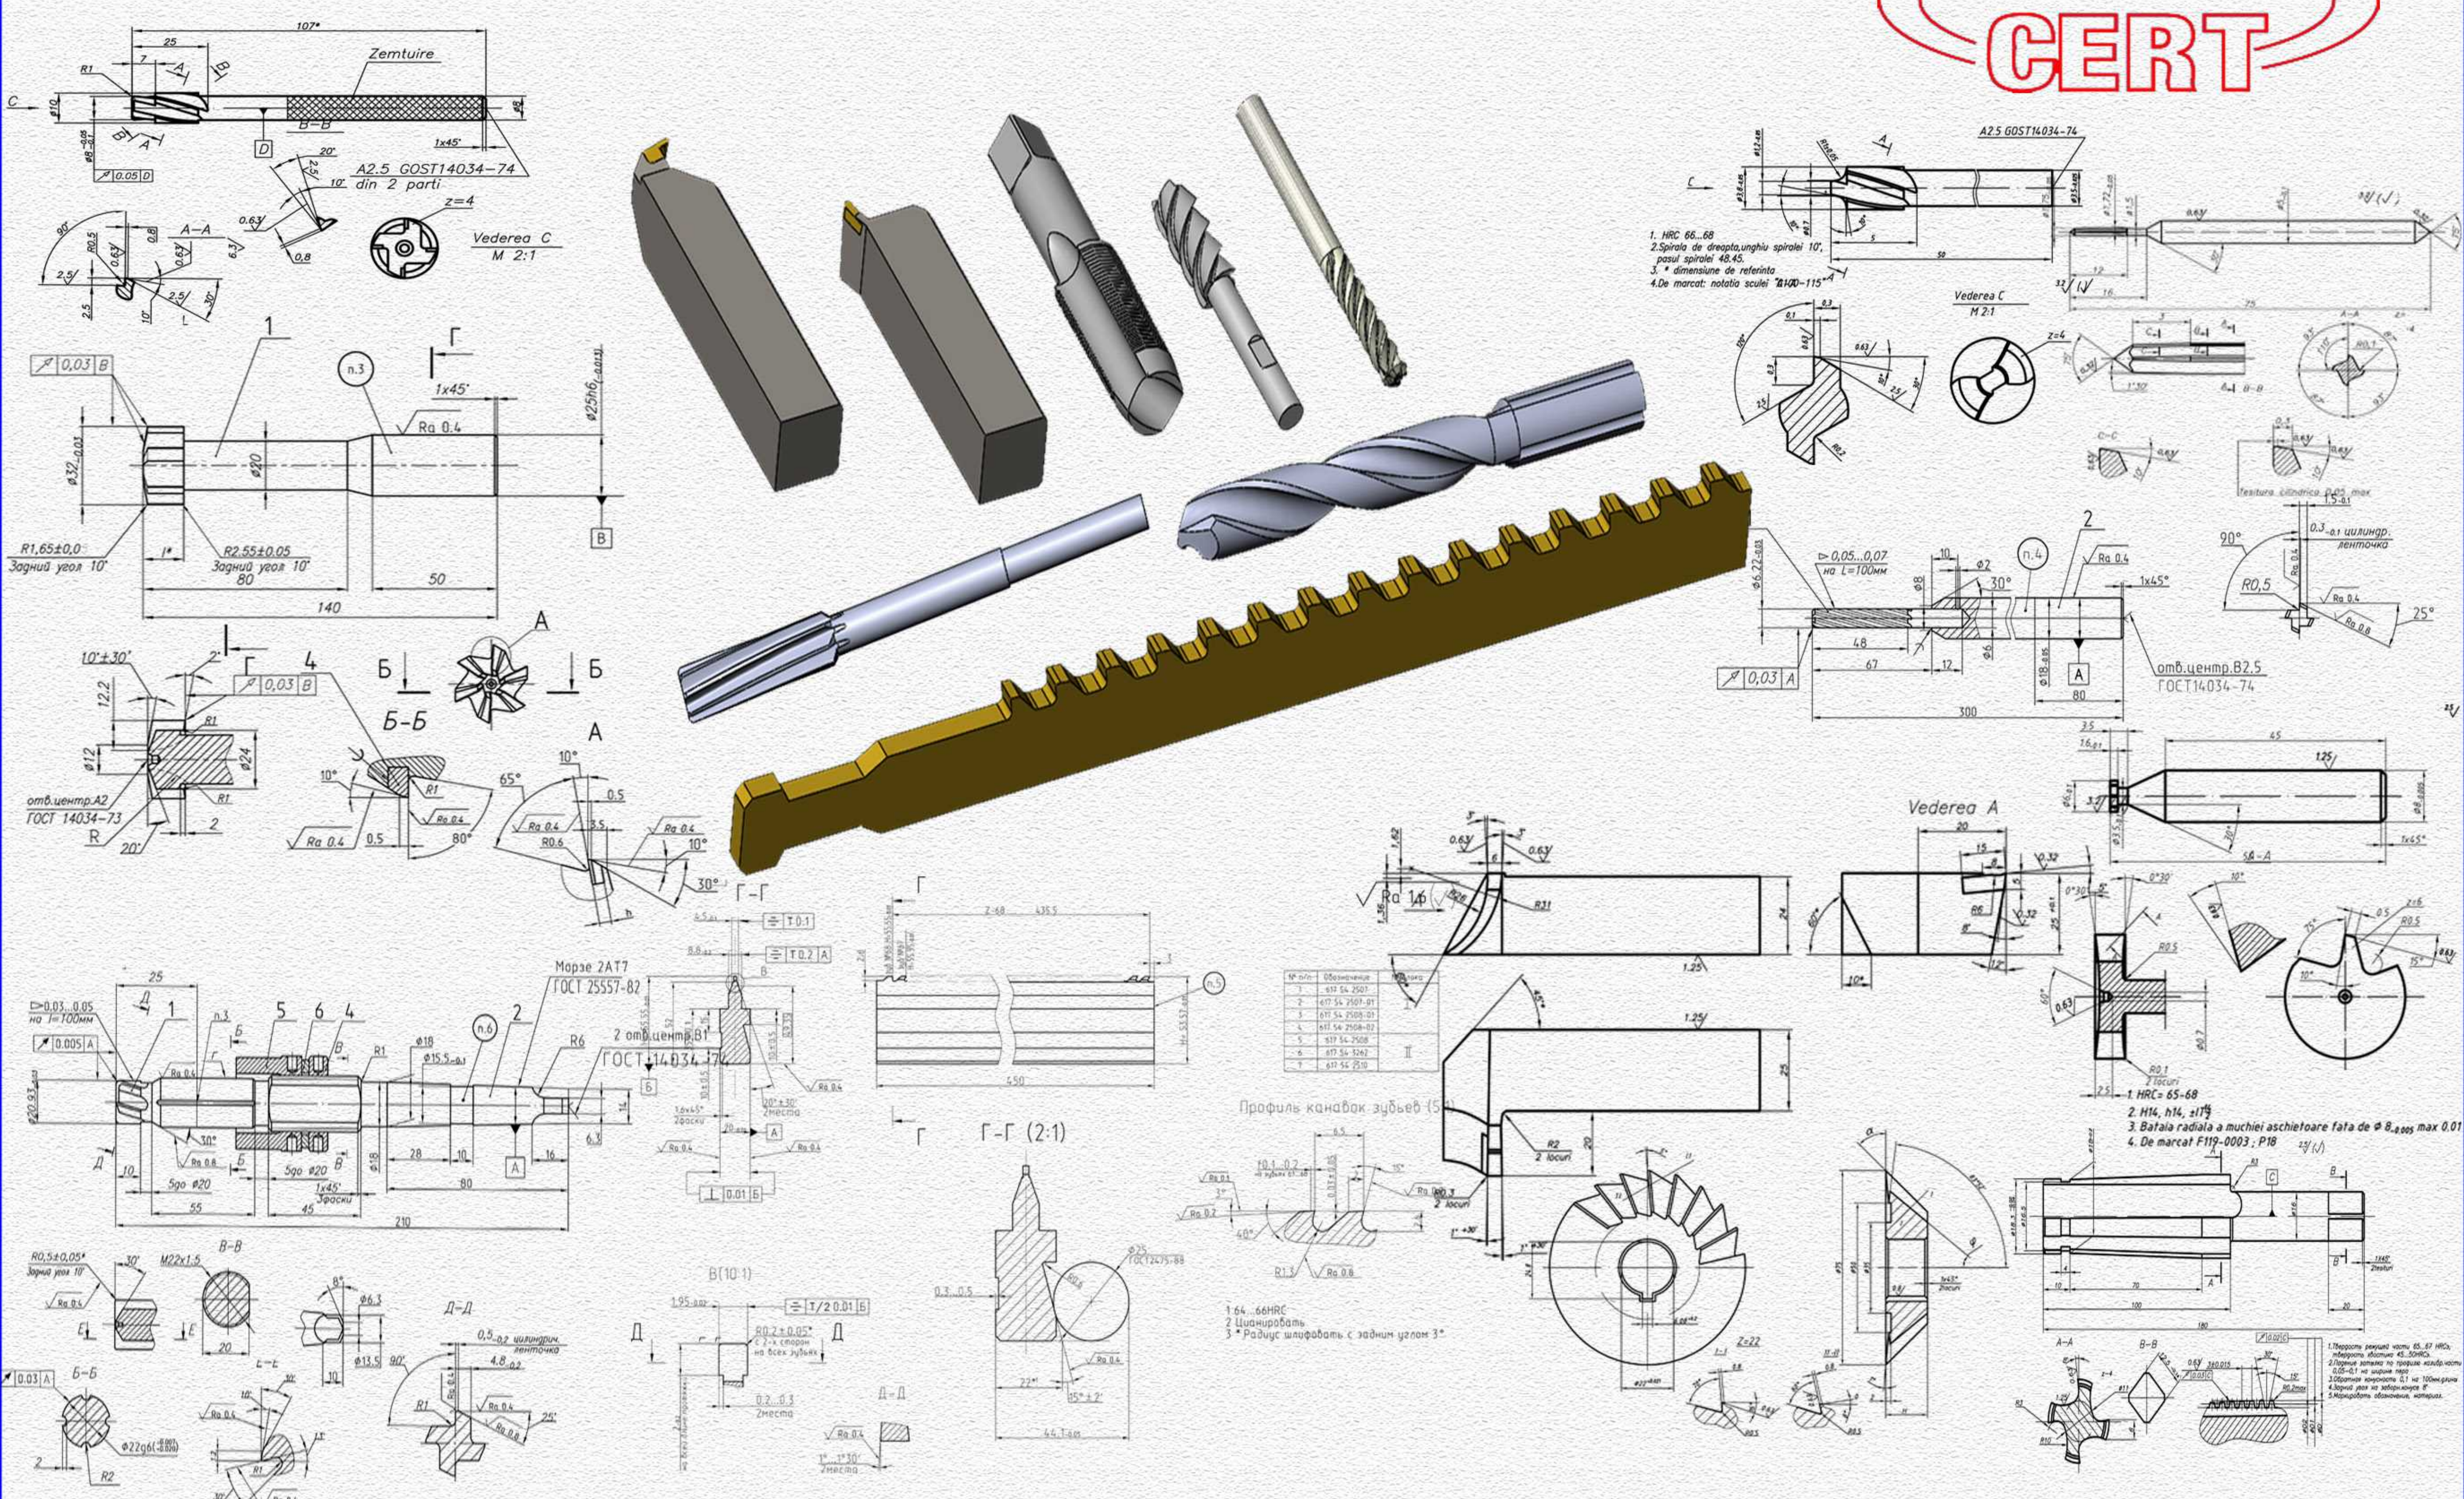

Types of broaching holes

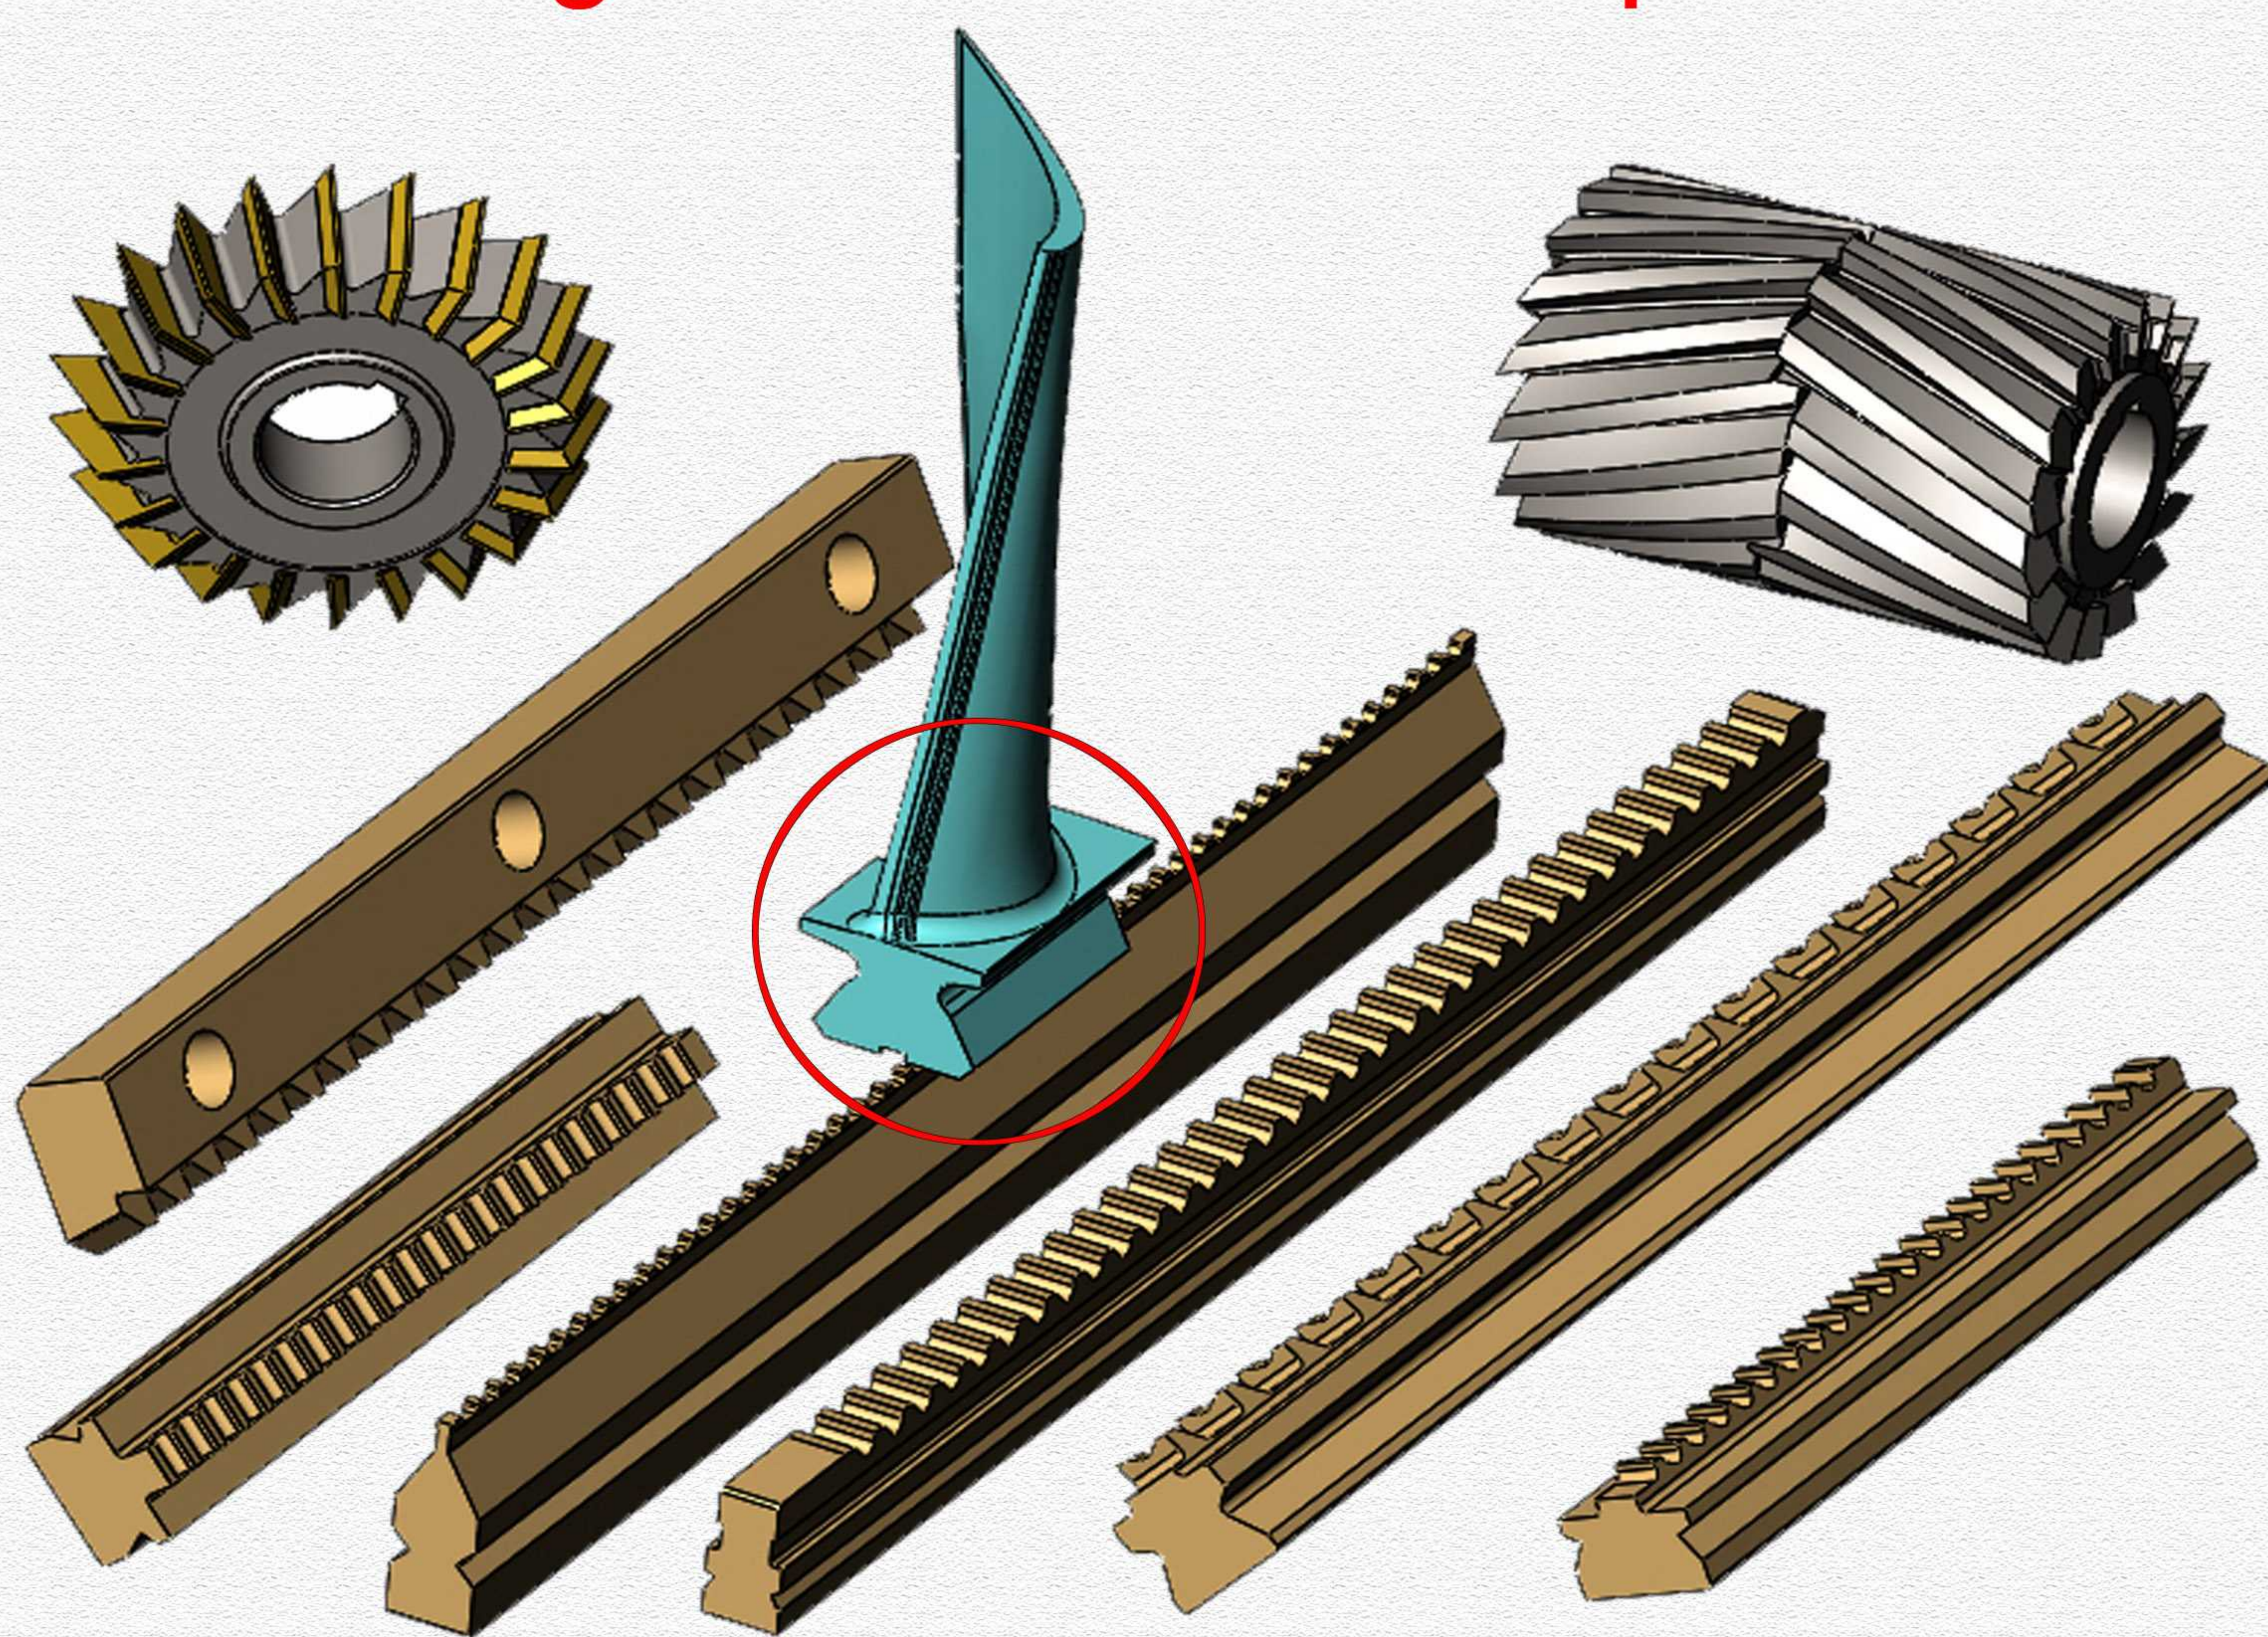

ASPA

DESIGNING AND MANUFACTURING THE SPECIAL TOOLS

Machining the blades with special tools

Band-polishing machine

Band polishing machine is destined for manual polishing work pieces with complex curved surfaces and rigid dimensional tolerances

Type machine tool

<i>The model</i>	Band-polishing
<i>Type of motor</i>	3A876
<i>The diameter of the contact roller</i>	15/250
<i>The width of the contact roller</i>	6,3/76
<i>Linear band speed</i>	7/40
<i>Band width</i>	6,3/76
<i>Band length</i>	3353
<i>Dimensions, mm</i>	
-height	1770
-width	500
-length	1170
-weight,Kg	260
